## Work Order Issued On Pahokee Paving

The State Road Department in Fort Lauderdale informed County Commissioner Paul Rardin yesterday that a work order was being issued on Thursday for the black top paving in the Pahokee area on which bids were received on January 26 in Tallahassee. Rubin Construction Company of West Palm Beach was the low bidder on the contract.

Commissioner Rardin has been working closely with Pahokee city officials in an effort to have several parking areas paved adjoining Xsora Park No. 1 and Xsora Park No. 2. The SRD has agreed to do this out of secondary road fund money, expenditure of which is directed by the county commission. The parking of these areas was directed by Com. Rardin and when completed will relieve the traffic parking problem to some degree in the area of the two aforementioned parks.

Work of retreading the road from in front of Vandegrift-Williams office in Pahokee out to the railroad crossing at the F&L Company plant is also included in the present contract, Com. Rardin said. Retread of the Bacom Point Road from in front of the Pahokee First Baptist Church southward to the East Shore Pump is also in the contract and will be completed along with the other job, the contractor said. This contract also came out of secondary road funds and the improvement was put in the SRD budget at the direct request of Com. Rardin.

## Cub Pack Holds Celebration

A Blue and Gold Banquet in celebration of the 30th anniversary of the founding of Cub Scouting was held by Pahokee Cub Pack 623 in the social hall of the Elks Club Tuesday night with 175 Cub Scouts and their parents and friends attending.

Members of each of the four dens and the Webelos group were responsible for the decorating of their own table, making use of ingenious decorative designs completed during den meetings the past month.

C. M. (Mike) Sanders, assistant cubmaster, acted as master of ceremonies, had made the presentation of awards earned during February. Awards in the form of badges or arrows were received by Tim Gillis, Joe Hatton, III, Cal Spooner, Randy Lake, Bill Moss, David Hillier, Michael Sanders, Reid Tillery, Mike Elliott and Dick Tyson. Billy Boe, member of Boy Scout Troop 628 who was recently appointed den chief of the Webelos, received his den chief cord at the meeting.

Mothers of the Cub Scouts were in charge of arrangements for the banquet.

### MISS HOMEMAKER

Joanne Louis Darden, daughter of Mr. and Mrs. W. C. Darden of Pahokee, has been awarded the title of 1959 Betty Crocker Homemaker of Tomorrow at Pahokee High School and will represent the school at the State contest.

## Zone Meeting Of Lions Held Monday

J. H. Wilkinson, Jr., of Pahokee, chairman, presided at a Lions Zone meeting held in the Community building at Canal Point Monday night with the Okeechobee, Canal Point and Pahokee Lions Clubs represented and 73 persons attending. Wives of Lions were guests and the Pahokee Club was host at the dinner. The program of entertainment included a ballet dance by Linda Hand, songs by Miss Shirley Kincaid, soprano, accompanied by Miss Alice Elaine Hurt, pianist, and poems by the Rev. James E. Boyd, pastor of the Pahokee First Baptist Church.

## M. I. Keen Head Of Red Cross Drive

Announcement of Manning Keen as Red Cross fund drive chairman for Canal Point was made today by Kenneth Van der Hulst, West Palm Beach, county chairman for the drive.

Quota for Canal Point, according to Keen, is \$500.00. The drive begins March 1.

"Red Cross has done a lot for us out here in the Glades," Keen said, "and I hope we will, in return, make a good showing on our drive. Palm Beach County Chapter has transported our people to clinics and hospitals in West Palm Beach, Miami, and Tampa at a cost of \$1,015.74 in 1958. Fires in 1958 brought \$2,108.44 in disaster relief money to our area. The death-dealing October tornado resulted in \$11,458.78 Red Cross funds spent right here in Palm Beach County with local merchants and hospitals."

Red Cross board member for Canal Point is D. L. Hooks.

### FISHERMAN COMING

Mr. and Mrs. Wiley Tillis will have as a guest this weekend her brother, Mack Jaudon, of Atlanta, Ga., who has heard that the "specks" are biting like mad in Lake Okeechobee and is coming down to join in the fun for a couple of days.

## Blue Devils Will End Net Season

The Pahokee High Blue Devil cagers will wind up their basketball schedule this Friday night in a game with the Okeechobee Brannans at Okeechobee, then will participate in the State Class B Group B Basketball Tournament to be held in the Pahokee High gymnasium next week, March 3-7.

In games during the past week, all non-conference contests, the Blue Devils got off to a good start Friday night by defeating the Stuart Tigers, 44-32. In subsequent games, however, Coach Bill Howard's men didn't fare so well. On Saturday night, with Center Richard Shackford out with an injured knee, the Blue Devils were defeated by Riviera Beach, 44-21, and on Tuesday night, with both Shackford and Carroll Watson out, the St. Ann Craders downed the Blue Devils, 57-33.

## Rardin Bats 500 On Liquor Permits

County Commissioner Paul Rardin, Canal Point, chalked up a 50-50 record Tuesday in an attempt to get the county commission to change its views on liquor licenses.

Rardin, vice chairman of the board, fought a losing battle in a bid to have the commission withdraw its request for legislative approval for a liquor license for International Airport. He was joined by Commissioner Roy Michael, Lake Worth.

The Canal Point commissioner did win unanimous approval of the board for his suggestion of establishing a half-mile zone on county property which borders the site of a new four-year university at Boca Raton. Inside the half-mile buffer zone, the commission voted, the area shall be zoned against beer, wine and liquor establishments.

Rardin, after the board received a request from the Greater Lake Worth Ministerial Association, protesting a proposed legislative act, pushed the issue to a vote, saying "let's see how the board feels about the question." He moved that the com-

## Funeral Services For Crate Tucker

Funeral services for Crate Powell Tucker, 60, of Pahokee were held at the Pahokee First Baptist Church Monday at 2 p. m., with the Rev. James E. Boyd, pastor, officiating.

Mr. Tucker, a pioneer resident who came to this area 40 years ago, died Saturday at the Everglades Memorial Hospital after a long illness. He was a cattleman.

Survivors include his wife, Margie, Pahokee; four sons, Richard of Miami, Crate Pearce, Jimmy Ray and Michael, all of Pahokee; one daughter, Achsabel Jenkinson, Miami; two brothers, Duke and Walter Tucker of Canal Point; two sisters, Mrs. Emma Yeager, Fort Lauderdale, and Mrs. Rachel Betts, Okeechobee.

Palldressers were Henry Moulton, F. G. Gillis, Thadd Whidden, Francis Cross, Johnny Wilson and Olaf Boe.

Burial was at Port Mayaca Cemetery, Williams-Wetherington Funeral Home was in charge of arrangements.

## Co. To Ask State For Canal Guards

A request to the State Road Department for erection of barricades on Connors Highway along the unprotected banks of the West Palm Beach canal is under consideration by the county commission.

Request for the barricade, extending on the north side of the highway from Twenty Mile Bend west approximately six miles was made by the Lions Club from Pahokee and Canal Point.

The commission voted to seek estimates of cost for such a project before asking SRD to put it in the 1959-60 State road budget.

## Dare Devils At Fairground Sat.

The world famous All-American Dare Devils will be seen in action Saturday night and Sunday afternoon at the Palm Beach County Fairground Speedway.

Dare Devils will star Stoney Roberts, the world's only arm stunt man, in his daring death defying leap of death over a 40 foot long bus, a head on collision with a 100 miles per hour impact, and 24 other acts in a two hour show which you will remember a long time. The Saturday show will start at 8 p. m. and the Sunday show will start at 2 p. m.

## Allan Watson At Baptist Church

The Revival Services in the Canal Point Baptist Church will continue through Friday night. The Rev. Allan Watson, Pastor of the Northwood Baptist Church, West Palm Beach, is the guest speaker. Dr. Paul A. Meigs, who came Monday to begin the Revival, was called Wednesday morning to go to the bedside of his mother who suffered a stroke. His mother is in the hospital in Tuscaloosa, Alabama.

The regular services on Sunday, March 1, will be under the direction of the Pastor, C. D. Stewart. The congregational singing and special music is under the direction of Dalton Harrison, of Belle Glade. The Baldwin Organ, loaned by the Leggett Music Co., of West Palm Beach, is being played by Jimmy Merrill, of Pahokee. Mrs. Paul Rardin presides at the piano. The services are well attended. Much interest is being manifested. A cordial invitation is extended to all.

## Migrant Workers To Direct Fund

Wiley Tillis and Mrs. Wilma Alley of Pahokee have been named members of a special steering committee in charge of forming a County-wide organization which will administer the funds remaining from the fund-raising drive for the relief of migrants. The drive was conducted last year following the hard freeze that caused widespread unemployment among farm labor and the funds left over total \$17,400.

## Horse Tumbles On Joe Hatton, Sr.

Joe Hatton, Sr., Pahokee vegetable grower, packer and broker, was painfully injured Sunday afternoon when the horse he was riding up the steep incline of the Lake Okeechobee levee reared up on its hind legs, lost its balance and fell down with Mr. Hatton underneath. Knocked unconscious, he suffered four fractured ribs and severe bruises and was taken to the Everglades Memorial Hospital where he is now receiving treatment. Mr. Hatton, accompanied by his daughter, Miss Dorothy Hatton, and several other members of a local riding club, was on his way to the top of the levee for a horseback ride along the rim of the Lake when the accident occurred.

## Farmers Taking Licking On Prices

Farmers in the Lake Okeechobee Region have been getting it in the neck so far this season but many of them have high hopes of coming "out of the red" on their spring deal. Prospects are really bright and should the growers get a break in the weather they will produce an unusually abundant crop. What the market holds in the way of price for them is unpredictable and a complete gamble on the growers' part.

Bean prices have been terrible during most of the season and not until the present scarcity of beans came around has the price gone up to a point where a farmer can afford to put them on the market. The celery price—with a heavy crop—has hit a low of \$1.25 per crate and growers are talking about cutting only four days a week. No certain decision has been made on the matter and the price continues low.

Pepper growers, especially the small growers in the upper Glades area, have taken a licking this season. The pepper they have produced has not been of a fancy variety for the most part and the price has been unusually low.

Cabbage prices are stronger this week than last with crates selling for \$1.50-\$1.75. Shipments averaged from 12-15 cars daily.

Corn farmers continue to cut celery on a 4-day week basis with prices a bit weaker this week than last. Crates are selling from \$1.25-\$1.50 according to size and quality. Sweet corn shipments are still light with prices ranging from \$2.50-\$3.25 a crate. Because much of the corn that would normally be harvested now was killed or damaged by the frost in January, it will be two or three weeks before corn will move in volume again from this section.

## Harbor Building Is Under Contract

A proposed contract between Jean Bacon, new operator of Pahokee Harbor, and Joe G. Cassellius, Belle Glade contractor, for the construction of a new concessions building at Pahokee Harbor for \$2,500 was approved by the Pahokee City Council in regular session Monday night.

The Council also accepted the bid of Inflico of Orlando to supply necessary repair-parts at the city's waterworks plant for \$2,831, and the bid of Sinclair Refining Company to furnish gasoline for the city's motor driven vehicles and equipment during the coming year at a price of 20.82 cents per gallon and oil for \$4.50 a case.

Streets Superintendent Marvin Cowart was authorized to use city equipment for the hauling of fill for the baseball diamond being prepared at the new athletic field on Larrimore Road.

An ordinance was passed permitting the use of new improved types of aluminum siding in the construction and repair of buildings within the city limits.

Mr. and Mrs. H. E. Compton had as recent guests, Mr. and Mrs. Raymond and son of West Palm Beach.

## Week Of Prayer Pahokee Baptists

Plans for observance of a Week of Prayer, Mar. 2-8, were completed by the Woman's Missionary Society of the Pahokee First Baptist Church at the February meeting held in the church Monday with Mrs. E. B. Gamble, president, presiding.

Highlight of the observance program will be a talk by Bertis Fair of Belle Glade, home missionary who is working with migrant families in the Glades area. The public is invited to hear Mr. Fair who will speak in the church auditorium Wednesday night at 7:30 o'clock. Mrs. Horace Unwin, prayer chairman, will be in charge of the other two special WMS Week of Prayer programs to be held at the church Monday and Tuesday afternoons at 3:30.

Mrs. C. R. Wetherington, Jr., presented the program, "To P.O. Alaska," for the Betty Mills Circle at the Monday meeting with Mr. Wallace Barnes and Mrs. C. L. Shirley, Jr., assisting.

On Tuesday night WMS members again met at the church for a three-hour study of the foreign mission book, "Into a New World." There were 19 in the class which was taught by Mrs. W. M. DuBose.

Mrs. Duncan Padgett and her mother-in-law, Mrs. Charles Moran, have returned from a visit with relatives at Chiefland.

## Work Started On Baptist Hospital

MIAMI—Construction has begun here on a new \$5,500,000 hospital, the Baptist hospital in South Miami.

Robert L. Turchin, President of T. and T. Construction Co. which is building the ultra-modern medical center had his construction crews move on to the property February 23rd, and construction actually got under way two days later.

Turchin said that the Baptist Hospital, located on 55 acres, will be completed by December 1960.

The Five-story Baptist Hospital is the first section of a complete medical unit which eventually will also include a hospital site in midtown Miami on 10 acres of an old Country Club site.

Steve McCrimman, administrative director of the Baptist Hospital campaign said the midtown Miami building will not be built until completion of the South Miami unit.

Multi-millionaire financier, Arthur Vining Davis, donated the 55 acres upon which the hospital will be built. He also donated \$1,500,000 to the Building Fund. A wing of the hospital, the Elizabeth Hawkins Davis Cardiac Pavilion will be named in honor of his late wife. The new Baptist Hospital will also include a maternity section, treatment center, an orthopedic clinic

## Miss Aleph Hall Weds H. I. Davies

The marriage of Miss Aleph Christine Hall, daughter of Mr. and Mrs. Donell R. Hall of Pahokee, and Harold I. Davies, son of Mr. and Mrs. H. C. Davies of East Hampton, Long Island, N. Y., was solemnized in a double ring ceremony at the home of Mr. and Mrs. John H. Tolan, Atlanta, Ga., Saturday, Feb. 7, at 3 p. m., with Dr. Sission of the Druid Hills Methodist Church officiating as the couple stood before an improvised altar decorated with white gladioli, chrysanthemums and greenery.

The bride, given in marriage by her father, wore a waltz-length, blue peau de soie dress accented with white accessories and carried a white prayer book adorned with tube roses and orchids.

Mrs. John H. Tolan, matron of honor, wore a blue and white waltz-length dress with matching accessories and carried a bouquet of pink and white carnations.

John H. Tolan served as Mr. Davies' best man.

Mrs. Hall, the bride's mother, chose for her daughter's wedding an apricot silk shantung dressmaker suit with matching accessories and a corsage of baby orchids. Mrs. Davies, mother of the bridegroom, wore a navy blue satin afternoon dress accented by a corsage of pink perfection camellias.

The ceremony was followed by a reception at the Tolan home.

For the wedding trip to Charleston, S. C. Mrs. Davies changed to a white suit with brown accessories and wore a corsage of pink camellias.

The couple are making their home in Atlanta where he is employed as sales manager of the Wynncor Products Corp.

## Car Insurance Rates Will Go Up

Mass slaughter and crippling on Florida's highways must be curbed sharply or auto insurance rates will continue to soar, reports the chairman of a State Legislature investigating committee.

Baker County Rep. John J. Crews, Jr., of MacClenny, said the key answer to rising auto liability insurance rates lies in "an aroused public, the Legislature and enforcement agencies uniting in a crusade against highway deaths and injuries."

In the first public airing of the 124-page Crews Committee report, before a meeting of the Greater Miami Insurance Board in Miami, Crews declared:

"The regrettable fact is that in Florida we seem to become aroused and indignant only when the mass slaughter on our highways brings announcement by Insurance Commissioner Larson of insurance company requests for increased rates."

"Insurance rates represent the dollar cost of our own motoring negligence, and you cannot reduce insurance rates unless you first reduce accidents."

## Pick your savings target and shoot straight for it!

**A** home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

**For the big things in your life, be ready with U. S. Savings Bonds**

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,372.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$25,000.

## Now even better! Invest more in Savings Bonds!

## Light Brown Hair Girl Is Crowned

WHITE SPRINGS—Pretty Miss Veronica McCormick of Miami has been crowned Jeanie With the Light Brown Hair of 1959.

The 21 year-old student at the University of Miami was judged best of 20 contestants in the annual singing contest sponsored by the Florida Federation of Music Clubs. Miss McCormick receives a \$500 music scholarship and will appear with Fred Waring's orchestra next month at Daytona Beach, Orlando and Jacksonville.

The judges said they were unanimous in their choice of Miss McCormick as winner but the contestants were so good that all of them deserved scholarships if enough were available. Four runnersup will get \$250 music scholarships.

## Christian Science Group Of Canal Point

The value for today's world of the works and words of Christ Jesus will be brought out at Christian Science services Sunday.  
 The Lesson-Sermon is entitled "Christ Jesus." Scriptural selections will include Jesus' reply to the messengers of John the Baptist (Luke 7:22): "... Go your way, and tell John what things ye have seen and heard; how that the blind see, the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, to the poor the gospel is preached."  
 Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (131:26-30): "The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstration of the divine power, demonstrations which were not understood. Jesus' works established his claim to the Messiahship."  
 The Golden Text is from John (1:17): "The law was given by Moses, but grace and truth came by Jesus Christ."

Among the patients at the Everglades Memorial Hospital Tuesday were Mrs. Elaine Baker, Joe Hatten, Sr., Julius Lowery, Ed Olsen, Mrs. Bonnie York, Mrs. Herbert Thorneberry, James Stacks, Mrs. Mary Ann Hayes, Mrs. Audrey Hagon, Mrs. Margaret McKee, Mrs. Wilma Slonaker and Mrs. Rita Moree.

a castle in the air costs nothing  
—but you can't live in it!

Make your dream house come true! It's easy  
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative continuously when held to maturity.

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.80!

So don't let down payments get you down. Meet your needs for ready cash the way more than 9 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

\* \* \*

If you want your interest or current income, ask your bank about Series E Bonds, which pay dividends monthly by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Cash worth for 5 years and 6 months, approx.	\$8.00	\$16.75	\$41.00
Cash worth for 10 years and 6 months, approx.	\$16.75	\$37.50	\$91.75

This chart shows only a few limited examples of savings goals and does not include the effect of inflation. For more information, contact your bank or the U.S. Treasury Department.

mission drop its attempt to get the liquor bill through the legislature but the action was voted down by Commissioners Ben Sundy, Lake Lytal and Kenneth Foster.

The majority group then approved to continue to seek legislative approval of the airport liquor license bill. Rardin and Michael voted against the action.

With reference to the college area, Rardin said the school "will be the most modern University in the world and the state will employ the greatest architectural minds in drafting plans for the institution and will employ the finest instructors available."

It behooves the commission, he said, to take action to stop the "influx of beer points" in the vicinity of the new university.

The board not only approved Rardin's proposal for the buffer zone but also agreed to ask the Town of Boca Raton to concur in the action. Much of the land for the college site falls within the limits of Boca Raton and outside jurisdiction of county zoning.

## Robert Meyer Hotel Opens Doors Today

JACKSONVILLE—Partial opening of the magnificent new 20-story Hotel Robert Meyer, largest commercial hotel in Florida, has been set for February 27, according to an announcement by Roland A. Mumford, Executive Vice President of Meyer Hotels.

Mr. Mumford said that formal opening ceremonies of the hotel, first to be built in Jacksonville in 22 years and costing over \$6 million, exclusive of land, will be held on the week-end of March 20-21.

The building, which will have over 500 rooms and two basement floors for guest automobile parking, is being rushed to completion. It was begun in 1957.

Modern design and ingenuity are incorporated in the hotel to appeal not only to private guests and their families, but to large groups and conventions for which special facilities are available. The entire building is air-conditioned by the largest refrigeration plant of its type in the South.

Each bedroom has free radio and television. The hotel itself is equipped with HiFi, and the cocktail lounges and dining room have stereophonic sound. Closed circuit television is provided also.

Combined with the Hotel Roosevelt, the Meyer interests in Jacksonville have more than 800 rooms. The Hotel Robert Meyer climaxes almost half a century of continuous relationship of the Meyer Hotels chain with Jacksonville, beginning with the Seminole Hotel, acquired in 1910, although not operated by Meyer interests now.

Mr. and Mrs. W. J. White had as guests Sunday Mr. and Mrs. H. F. Corbett of Sebring, Mr. and Mrs. B. F. Corbett of Lake Worth and Mr. and Mrs. Hal Corbett of West Hollywood.

Mr. and Mrs. Grady Chancellor returned recently from a visit with his brother, Glen Chancellor, at Orlando.

## THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

Hula-hoop-wide doors...  
and head room aplenty

You'll love the full six-passenger comfort in the cars

### BUILT FOR PEOPLE!...

Just one standard was used by Ford in designing its 1959 car—people! First, Ford made the door openings wider, so it's easier to get in and out. Next they made sure that six big people—not just four or five—could stretch out on seats that are padded their full width. Result? More room for everybody's legs, elbows, hips and hats... more solid comfort than ever before.

### BUILT FOR SAVINGS!...

Savings start the moment you buy a Ford. A price tag comparison with major competitive cars will prove it! And you go right on saving. Ford's standard engines that thrive on regular gas save you a dollar each tankful. Ford's Full-Flow Oil Filter means oil changes only each 4000 miles. Ford's aluminized mufflers last twice as long. And new Diamond Lustre Finish never needs waxing!
